Scripture: "Jesus answered and said unto him, Verily, verily, I say unto thee, Except a man be born again, he cannot see the Kingdom of God." (John 3:3)

Questions for today: Is it possible to please God while in a sinful condition and why not? Answer: No then they that are in the flesh cannot please God. (Romans 8:8). Because the carnal mind is enmity against God: for it is not subject to the law of God, neither indeed can be. (Romans 8:7).

ECONOMIC HIGHLIGHTS

Happenings That Affect the Future of Every Individual — National and International Problems Inseparable from Local Welfare

The massacres in the Congo shocked the Western world. The tales brought out by survivors were almost incredible—rape, torture, cannibalism were the order of the day.

The joint Belgian-American rescue mission, which saved some 1,200 whites in the Stanleyville region alone, carried the praise of the West, although many felt that it should have been conducted on a larger scale and under conditions of secrecy.

But the Western attitude was not shared in Africa. When the Congo matter came up for discussion in the United Nations, only a single African nation, Nigeria, defended the United States. All the others denounced in extreme terms what we and Belgium had done. We had been guilty, they said in effect, of ruthless imperialism. And the communist representatives, saying nothing about the atrocities, acting as if they had not occurred at all, joined in the chorus.

This is all history now. But it is a continuing history, whose end no one can presently foresee. And it outlines the problem that this country, along with our allies, faces in the vast continent of Africa. It is a problem which could, and very possibly will, loom larger than that of Viet Nam and Southeast Asia.

The new African nations, theoretically free and sovereign, have been emerging by the dozen. And nothing quite like this public is invited to attend. All Extension members please meet at 7:30.

Those spending the week end at camp at Pond were Donald Rich, Morton Roberts of South Portland, Herbert Kittredge, Arnie Brown, Ernest and Lee Blake, Avery and George Angove.

Dr. John Trivard attended a dental meeting at Waterville Tuesday evening conducted by the Maine Dental Assn. on the Public Health of Oral Cytology.

Over 200 dentists from Maine attended the meeting.

Thurston; west by a line running parallel with and 400 feet westerly of said Route 2."

By amending paragraph 5 of Section II now reading "Advertising signs pertaining to the lease, sale, or use of a lot or building on which they are placed, provided however that such signs shall not be larger than 12 sq. ft. in area"; to read as follows "Advertising signs not over 12 sq. ft. in area advertising the sale, lease or use of the property on which located, provided however that business signs not over 100 sq. ft. may be permitted in accordance with the State Highway Law in the following areas:

"Route 2.—From eastern boundary of Lot 19A, Map U-3 (Alice Barker property), west to western boundary of Lot 22, Map U-7 (Arthur and Daniel Head property), and west from the eastern boundary of Lot 25, Map R-2 (Ralph Burris property), to Town Line.

"Routes 2 and 26.—From western boundary of Lot 13, Map R-6 (Heirs of Paul Thurston property), east to Town Line.

"Route 26.—From Alder Brook south to Town Line."

Explanatory Note: The present Ordinance bars all advertising signs in residential and farming areas to signs pertaining to lease, sale or use of the property on which they are placed."

3. By adding a new paragraph at the end of Section IV reading as follows: "Signs advertising goods or services shall not exceed 100 sq. ft. in area nor be higher than the buildings on the premises on which they are erected or if free standing, higher than 25 feet."

4. By adding a new section to be designated Section VIIA after the present Section VII, said new section to read as follows:

"1. Any person wishing to maintain, establish, station or park a mobile home for dwelling purposes elsewhere than in a mobile home park shall apply to the Building Inspector on a form furnished by him for a permit to do so."

Skating. Showing unexpected all-around strength the Gould boys took second place at the State Meet which was held in Bethel last week end. Expected to be fighting for third place, the Huskies captured second place a scant 1.57 points behind winner Edward Little. The Gould team was first in the Slalom, second in the Giant Slalom, second in Cross-Country, and

third in Jumping to achieve its overall second-place spot.

Outstanding local performances were turned in by Glen Langley who won both Alpine events, Russ Hunter, who was second in the Slalom, Mike Bates who was second in the Jump, Jack McMillin who was third in the Cross-Country and Warren Tibbets who was fifth in the running for Skimeister which is a much coveted award based on a skier's performance in all four events.

The team ends its season this week end at North Conway where it will be competing in the New England Interscholastic meet.

An unprecedented skiing honor has come to Gould with the recent announcement that six of her skiers, two girls and four boys, have been chosen to represent Maine in the Eastern Junior Championships at Franconia, N. H. Those picked are: Laurel DesRoches, Barrie-Lee Johnson, Jack Brooks, Russ Hunter, Glen Langley and Steve Moore.

Two extremely hard fought week end games with Bridgton found the Gould team winning one and losing one. On Friday Alan Curtis' basket with seconds remaining gave the locals a 48-46 victory. Les Stevens with 22 points was the big gun for Gould.

On Saturday night the two teams met again in Bridgton to play a make-up game which was caused by early-season bad weather. This game went into overtime before Bridgton pulled it out 59-53. For Gould Kibbe, Knight, Chretien, and Curtis were in double figures in a losing cause.

Gould Academy held Mexico to a tie score at the half but dropped nine points behind in the third quarter and then faded in the face of Mexico's home-stretch power to surrender a 71-57 basketball decision on the Mexico court Tuesday.

ADULTS MAY EARN SECONDARY SCHOOL DIPLOMAS

School Administrative District No. 17, Norway-South Paris, is considering offering a program of studies in the evenings next fall that will enable people to obtain their high school diploma. Prior to this time it has been virtually impossible to gain a regular high school diploma without regularly attending school from day to day.

It is hoped that enough students in this area will enroll to make it economically and educationally feasible to offer these courses. The enrollment, of course, will determine the number and variety of subjects that may be taught.

The following is a bulletin issued by the State of Maine Department of Education: Because the time required for a person to accumulate a substantial number of Carnegie credits toward secondary school graduation has been inordinately long and there is an ever-growing need among adults for a secondary school diploma, the State Board of Education has now approved the earning of secondary school credits toward a regular secondary school diploma in adult evening school classes.

The Chapter 41, B. S. 1954, Section 37 still is in force. Such adult education programs can only admit persons over sixteen years of age who are not in attendance at another public school.

Following are the guidelines approved by the Board. They are effective now:

1. A secondary education program may be offered in regular adult evening programs conducted under the auspices of a local school department and approved by the State Department of Education.

2. The teachers are certified for the subjects they are teaching.

3. The sequence of subjects: man—Mrs. Charles Chapin, Mrs. Avery Angeline, Mrs. Earl Davis, Mrs. Albert Dock, President of WSCS, Pastor's wife, representative of the trustees.

Chairman of Christian Vocational: chairman—Mrs. Norman Dock, Mrs. Donald Walker.

Advising Committee: Donald Walker, Mrs. Donald Walker, Mrs. Guy Parker.

Mission Committee: Mrs. Norman Dock—chairman, Mrs. Drew Webster, Mrs. Neata Litchfield, Pastor.

Nominating Committee: Pastor, Mrs. Seymour Butters '65, Stanley Brown '66.

Mrs. Alice McAllister, her mother, Mrs. Baker, and sister, Mrs. Laura Bennett, were in Norway on Saturday.

George Brown has been at the Thayer Hospital at Waterville for the past three weeks for therapy. He comes home next week.

Leading to a diploma is approved by either the guidance department or the principal of the secondary day school under the supervision of the same local school department.

Each subject pursued in this program is in classes which meet for not less than 60 clock hours and during which the same amount of work is accomplished as would be found in a full year course in the day school.

Passing grades are obtained on the same basis as in the day school.

In each subject a final examination comparable to the one used in the day school is administered.

Credit toward graduation is given for all Carnegie credits earned in an approved secondary school.

Students who earn 10 Carnegie credits, four of which are in English and one in United States History shall be eligible for a regular secondary school diploma which may be given by the day school.

It is hoped not only to draw students from the Norway-South Paris area, but from all of the surrounding villages, towns, and cities in this section of the state.

It will not be possible to make definite plans until the number of people interested in this program can be determined.

In order to expedite this matter we are going to hold a meeting on Tuesday, Feb. 16, at 7:30 in the Oxford Hills High School Library in South Paris, to find out how many people are interested in this program.

If you cannot attend this meeting, but you are nevertheless

NEZINSCOT RIVER WATERSHED SPONSORS AND LANDOWNERS MEET

The supervisors of the Oxford County Soil Conservation District held another in a series of meetings at Buckfield on February 4. Nelson Tucker, first selectman of Buckfield, acted as chairman of the meeting.

The sponsors of the Watershed project have already reached important decisions and agreements in the write-up of the Work Plan of the project.

The sponsors are the towns of Buckfield, Sumner, Hartford, Turner and the Oxford County and Androscoggin Valley Soil Conservation Districts.

At the January 13 meeting, the sponsors decided on the eventual elevation and surface area of the main multiple use sites—Jersey Brook and West Branch. The selectmen decided on a 960 acre surface area lake at Jersey Brook and a 1015 acre lake on the West Branch site in Sumner.

At the February 4th meeting it was decided to include a recreational area at both sites. On the site between Buckfield and Turner, it was decided to plan for a 1000 foot beach or bathing area with some 30 picnic tables and fireplaces, a parking lot and boat launching site. The recreational area on the West Branch may be smaller than the Jersey Brook Development.

The principals attending the meeting were Nelson Tucker and Gene Coffman, selectmen of Buckfield; Kenneth Cole and Ray Bruden, selectmen of Sumner; Charles Cooper and Percy Buck and Stanley Bennett, of Buckfield; Lionel Fernald, Owen Davis, supervisors from Androscoggin Valley Soil Conservation District; Scot Colton, William Irish and Rand Stowell of Timberlands Inc. Mr. Stowell, president of Timberlands spoke in favor of the Nezinscot River Watershed Project. Mr. Stowell pointed out that recreation was here to stay and that towns which have recreational facilities also

MOTHERS CAN DO SOMETHING ABOUT IT

Sales of smutty books and magazines are increasing. Post Office Department efforts to block them often run into cries of censorship, and courts go along.

Nudest publications are the newest craze to hit newsstands.

have a better tax base. Mr. Stowell went on to say that he favored any project that would eventually improve the tax base in any of the towns where Timberlands, Inc. operates.

And there's more filth in circulation—rampant pornography—which can be attacked successfully if the Post Office is told about it pronto.

A hint on how to protect youngsters from it: be very careful if your kids send away for hot-rod magazines, skin creams and lotions, books on "growing up," physical culture. The products may be all right, but sometimes the names of people buying them are sold to smut-dealers. So watch your children's mail. On questionable stuff, advise postmaster.
